

Discussion

- Send soft copy presentations (PowerPoint, Word, HTML, PDF) to bell@aster.com.
- 4.3 release in \approx 2 weeks - will be available from our web site: <http://www.aster.com>
- CD of topo/veg/sst datasets coming
- Listserv mailing list to be set up
 - Not intended for replacement for direct support
 - Will query subscribers for information for contact list
 - Avenue for announcement of changes
 - Archive will be set up on our web site
 - Subscribe everyone on Workshop attendee list

Discussion

- Contributed modules repository
 - We will provide some assistance in port to 4.x
 - Contributor provides documentation (support???)
 - We will make available from our web site or provide links to contributor site
 - With contributor's approval, may make modules part of standard versions
- Suggestions/comments on future directions of RAMS development
